Feed the Need

October 17-23

This October, restaurants & businesses across Anderson County will partner with ADFAC for the 4th annual "FEED THE NEED" fundraising event.

During Feed the Need week, the restaurants listed below will donate a significant portion of their sales to support ADFAC. Several restaurant and business sponsors will also be selling Feed the Need donation cards for \$1.

Please visit www.adfac.org for more information on Feed the Need.

FEED THE NEED at ADFAC's 2010 Annual Meeting

Time flies, and ADFAC's Annual Meeting is only a month away! Traditionally held on the third Monday in October, the 2010 Annual Meeting will take place on **Monday, October 18 at 5:15.**

The Annual Meeting is the time for ADFAC's Membership to elect board members and officers for the coming year. During the meeting, the Nominating Committee will present the slate of prospective board members (nominations for new board members can also be made from the floor at the meeting). We are thrilled to welcome newcomers Tom

Beehan, Louise Mixon & Bear Stevenson to ADFAC's board, and will gather to say a fond farewell to long-time board member and secretary Mary Lou Daugherty.

This year, the Annual Meeting falls on the Monday of ADFAC's week-long **Feed the Need** fundraiser. To celebrate these two events, Annual Meeting attendants will enjoy a sampling of delicious foods from New York Ave Pizza, Razzleberry's Ice Cream Lab and the Soup Kitchen -- all of which are participating in Feed the Need on Monday evening. We are asking for a \$5 donation

to support the event, and ADFAC's Hospitality Committee will be providing drinks. If you are interested in attending (and we hope you are!), please contact Executive Director Annie Cacheiro at adfacannie@bellsouth.net or 425-0256 ext. 114 to reserve your spot.

Please join us to celebrate ADFAC and Feed the Need!

School Supplies program serves 1,316 students

Another hectic season of school supply distribution has come to an end, and we can now take a breath and begin to thank all of the people and organizations that helped make our School Supplies Program such a success this year. Without community involvement, there is no way that we would be able to serve the large numbers of families that we do.

This year, our program provided supplies to 1,316 students throughout Anderson County, a new direct service record for us! What a thrill it was to see the students with their new backpacks and supplies and a look of confidence on their faces! We can't think of a better way for children to be able to start the school year. And, with

the limited supplies we have left over, we will be able to provide guidance counselors in our schools with occasional, emergency supplies for needy children during the upcoming school year.

It takes a community of donors, volunteers, and concerned citizens to provide a unique program like this one. We are grateful to the many churches, organizations, groups, and companies which provided supplies or monetary assistance this year. In addition, we received grant funds to assist with this program from Altrusa International of Oak Ridge, Oak Ridge Breakfast Rotary, Variety of Eastern Tennessee, the Payback Foundation, the Aslan Foundation, and the Todd Helton Foundation.

UT-Battelle funds pilot program to help families reduce energy usage

100 local families will soon learn how to significantly reduce energy consumption and lower utilities bills, thanks to a new program funded through a partnership with UT-Battelle.

The pilot program will offer free Weatherization Workshops to clients served by ADFAC's Social Services program. The Workshops will include discussion on how to further

reduce energy consumption through simple changes in their homes and basic preventive maintenance education.

Participants completing the workshop will receive one Weatherization GreenKit. The GreenKits, valued at \$40, will contain a variety of simple energy-saving items such as weather stripping, CFL light bulbs and rope caulk.

"We are so excited to have the opportunity to provide materials and education to help families lower energy consumption," said Liz Herbes, Director of ADFAC's Social Services program.

"These efforts will help low-income families reduce their overall housing burden - an important step in achieving self-sufficiency."
